

# Pure Grinding

## TITAN I ODG

The Titan I ODG is sharing same qualities of the Titan I family of grinders. Additionally it is enjoying the benefits of the Back Setting © technology and the proprietary unique design of HeyCafé on demand grinders, allowing the powders' outlet chute to easily removed and reattached for washing or replacing by different accessory.

**Industrial extruded aluminum body.**

**Specially hardened tooling steel grindstones**

**Micro adjust high resolution knob for accurate grinding setting**

**Endless outlook design options (special orders)**
